Education

- Master of Science in Media Technology, Linköping University 08.2013 – current
B.S. + M.S. in Media Technology and Engineering. Main focus on software development, visualization, computer graphics and image processing.
- Academic year abroad, National University of Singapore (NUS) 08.2016 – current
I am currently studying my 4th year in Singapore as an exchange student. I'm studying mainly Computer Science modules.
- Film production, Sundbyberg's Folk High School, Stockholm 08.2012 – 05.2013
Nature Science, Per Brahe High School, Jönköping 08.2008 – 06.2011
-

Work experience

- Junior developer, Spotscale, Linköping 06.2016 – 07.2016
Summer job as junior researcher. We worked with Machine Learning, more specific Deep Convolutional Neural Networks and Caffe and examined if we could apply it on Spotscale's problems.
- Form teacher, Linköping University, Norrköping 07.2015 – 11.2015
I guided one of the new MT-classes during their first few months at the University and made sure they felt welcome and that they understood the University's system.
- Salesman, Media Markt, Norrköping 06.2015 – 08.2015
Summer job at the TV/HiFi department.
- Mathematics tutor, Linköping University, Norrköping 09.2014 – 04.2015
I held lessons for the MT-students in year one and helped them in three different mathematics courses.
- Care staff at different companies, Jönköping 05.2011 – 08.2014
Four different jobs, during different periods, reining from full time to summer job as everything from personal assistant to substitute teacher.
-

Other engagements and achievements

Student ambassador for CAwards 2016 As an ambassador I promoted CAwards for students at different universities in Sweden.	01.2016 – 04.2016
Winner of East Sweden Hack 2015 I was part of the team that won grand prize “Best Project” at the 24h hackathon ESH15 with the project Trygga.	09.2015
Paymaster for the Media Technology Days 2016 MTD is the biggest career fair for students in Norrköping. MTD is two days filled with a company fair, lectures, workshops and other events. It ends with a much appreciated banquet and I was in charge of the finances.	07.2015 – 06.2016
Welcoming committee representing LinTek LinTek is the Student Union for the Institute of Technology at Linköping University. I was responsible for the activities during the welcoming weeks for the new students in August 2014.	01.2014 – 01.2015
Various positions in student organizations During my time at the university I’ve been involved in a lot of different organizations apart from the already mentioned. For example I’ve been an activity leader in sport assoc. NAFFI, a board member in film assoc. Stubinen, event planner, bouncer and bartender at student union house Trappan and class representative plus caucus member for the MT sectional board.	09.2013 – 05.2016
Confirmation leader Wilderness group, Sofia Assembly	09.2007 – 09.2010
<i>Junior Counselor</i> (JC) at a CISV Village in Stockholm	06.2008 – 07.2008
